

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country
1	ANHUI DAHENG ENERGY TECHNOLOGY CO., LTD	High efficiency crystalline PV module is applicable to residential and public rooftop & ground mounting PV Power Station. Outstanding weak light generating performance(morning,nightfall,cloudy & rainy day)	China
2	NINGBO KELAN SOLAR ELECTRIC CO.,LTD	Kelan Solar, established in 2008, is a professional green power producer of solar panel and solar module in Ningbo, China. Our main products are 2 -350 watt mono crystalline and poly crystalline silicon solar panels in standard or special sizes and shapes. We also design solar street light system and solar power systems for homes and industrial use. Until now,our solar panels and systems were exported to the overseas market, like Southeast Asia , Middle east, South America, Africa countries.	China
3	YIXING JS SOLAR CO., LTD	JS SOLAR was established in 2014 and located in Wuxi city. It is specialized in producing solar products,such as solar cells, solar PV panels, solar inverter, mounting system and others. At present, our capacity of the solar cells is 800MW each year. 300MW is for mono solar cells and 500MW is for poly solar cells. As to our PERC mono high efficiency cells, the efficiency has already reach to 21.5%. Our capacity of solar panels is 600MW each year. The power of our solar panels can be up to 370W	China
4	ZHEJIANG LIHUI NEW ENERGY.,CO LTD	Zhejiang Lihui New Energy Co.,Ltd is a subsidiary of Liangjing Group, which is a "Crossing and up grading"work. The company is located in Heyi Industrial Park, Oubei Town, Yongjia Country,Zhejiang province,China with an area of 70acres of new energy industrial park,Lihui is specialist in solar panel product manufacturing,sales and after-sales service.	China
5	Krinner Solar GmbH	Solar EPC	Germany
6	Steinert GmbH	STEINERT GmbH provides innovative solutions for the separation of valuable materials. In the areas of treatment of secondary and primary raw materials, the company operates in both the resource recovery and mining sectors. Here STEINERT is a global leader in consulting, manufacturing, installation and services.	Germany
7	ABSHARABIESFAHAN	production	Iran
8	ACECR	Communications and Switching Converters Electrical Machinery Digital Deign Group Access and Traffic Control Information Technology Business Model	Iran
9	AKCOME	Easy installation roof Solar Panel	Iran
10	Ala Pardaz Mohit Co.	Supplier and distributor of instruments in the field of measurement and monitoring of environmental pollutants, hygiene, workplace agents and safety, control process and combustion	Iran
11	Alucast Iran	Design and manufacturing of power and energy industry equipment Turnkey design, production, and and installation of utility-scale solar mounting structures Supply and installation of PV plant electromechanical equipment, and execution of civil works	Iran
12	aqcc	Air quality control company	Iran

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country
13	Aria Enviro & Industrial Monitoring	To deliver complete, appropriate, innovative, industry-leading solutions to Government Institutions, Environmental Business, Accredited Laboratories, Educational Institutions and various Corporate Clients in Iran. To provide a service in Iran that is of highest quality delivered in a consistent and professional manner. To provide consistent and professional after sales support to our Clients in Iran during the lifetime of the equipment supplied.	Iran
14	ARIO TAVAN QESHM	Engineering , construction and Equipment of solar Energy	Iran
15	ARIOSUNSHADE		Iran
16	Ariya Ofogh Feeyar	Feeyar offering sulphur recovery and environmental solutions to petrochemical, steel and coal based chemical industry	Iran
17	Arman Development & Innovative Recycling	Exclusive sole agent of Forrec company in the field of buying and selling, exporting and importing all authorized recycling machinery , such as urban recycling , hospital waste and plastic, wood and tire recycling , etc.	Iran
18	ati niroo pak gostar	engineering procurement and construction company for solar plants	Iran
19	Axon Energy Samia	Provider of the solar system equipment. Importing the solar panels, inverters and batteries. EPC.	Iran
20	Azar ghand beet sugar factory	production sugar , mollasses of beet	Iran
21	Azar Pazhuh Farayandsaz / Fanavaran Alborz Andisheh	Industrial Centrifuges Industrial & Laboratory Mixers Process Design & Fabrication of Process Equipment	Iran
22	Azerbaijan Power Engineering Consultants	Study, research, design and supervision and inspection in : Electric power and energy including Fossil Fuel and Renewable energy ( Wind, Solar, Biomass and Geothermal ), Transmission Lines, HV/LV Substations, Distribution network, Power Plants, Metro and Urban Utilities. Optimizing Energy Consumption, Buildings and installations and Technical Documentation and Pendering .	Iran
23	BAMA CO	Production of lead and zinc concentrate	Iran
24	baspower.co		Iran
25	Beshel Motor Industries	Manufacturing, supplying, Assembling of Axle parts and Machining of engine cylinder block & head for automotives industries	Iran
26	biodc	finance	Iran
27	Chaharmahal & Bakhtiari Science and Technology Park	A Science and Technology Park is an organisation managed by specialised professionals whose main aim is to increase the wealth of its community by promoting the culture of innovation and the competitiveness of its associated businesses and knowledge-based institutions Chaharmahal and Bakhtiari Province Science and Technology Park among them was established and launched in July 1391	Iran
28	Consulting Engineers Arman mohit pak iranian	Environmental protection organization Environmental consulting Engineers	Iran
29	Cowatt jahan solar sanat shargh	Manufacturer of pure and pseudo sinusoidal sinusoidal inverters	Iran
30	Darko Zist Industrial and Mineral Research Center	Environmental SERVICES	Iran
31	Darvag magazine	-	Iran
32	Delta Gas Mobin Group	Continuous Emissions Monitoring Systems - Online Gas Analyzers And Dust Measurements	Iran

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country
33	department of environmental protection hormozgan	The most important activity at the General Directorate of Environmental Protection of Hormozgan 1- Implementation of the fifth article of the Constitution of the Islamic Republic of Iran in order to protect the environment and guarantee the proper and continuous enjoyment of the environment in line with sustainable development. 2- Prevention and prevention of environmental degradation and pollution. 3- Protecting the country's biodiversity, expanding natural resources.	Iran
34	Development Posts Iran Transfo	Kiosk Posts Includes: Rozminy, Semi-Buried and Special To 3150kva Power and 36kv Voltage Mobile subscriptions up to 1000kVA and 36kv voltage level Semi-oiled ground floor posts up to 2500kVA and a voltage level of 36kv Full-oil lubrication posts up to 1000kVA and 36kv voltage level Underground (burial) posts up to 1000 kva and a voltage level of 36kv Unit substations up to 5000kVA and 36kv voltage level Medium pressure boards include: AIS and GIS to a voltage level of 36kv Weak pressure p	Iran
35	Diyaco Fajr pasargad	Energy	Iran
36	E.T.I	electrotechnical	Iran
37	electrosim الهدایت	-	Iran
38	elham damavand investment co	Investment and Environment & Trading	Iran
39	Energy House Company	Consultation design and implementation of projects in energy engineering-energy management in industry and the establishment of a unit of the building – optimization of energy consumption in industry and building-implementation of esco energy savings plan Execution of energy saving plans in the building and industry - Performing all mechanical and electrical installations including designing and repairing and maintaining public and private buildings - Consultancy and design in the field of faci	Iran
40	Energy Resources Development Authority (Power)	The scope of activity of the Power Resources Development Company in brief is the research, design and development of advanced hybrid systems and arrays consisting of energy production systems, storage systems and energy management services	Iran
41	Esfahan Mobarakeh steel company		Iran
42	Esfahan Oil Refining CO.		Iran
43	esfahansteelcompany	produce of long steel product	Iran
44	fan gostar adan tov	consulting , design, installation and setting up renewable energy power plant (solar power plant and wind power plant ,... .)	Iran
45	Fani Entesharat Co.	Non	Iran
46	Fars Environmental Protection Agency	Fars Environmental Protection Agency	Iran
47	Fazar Tajhiz Jam	Fazar Tajhiz Jam as exclusive representative of Online & portable stack gas & dust analyzer, process gas emission, Portable and fixed flow meters, Gas & water leak detectors, gas detector.	Iran

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country
48	Gam Arak Industrial Company	Fields of activity: Designing and engineering high voltage electric power transmission lines Designing and manufacturing of –lattice and tubular towers for Transmission and Telecommunication. Designing and manufacturing of steel structures for High Voltage substations Management and execution of EPC projects of power transmission lines Management and execution of EPC projects of Telecommunication Towers Installation, operation and maintenance of complete package of distributed generation p	Iran
49	GAM Green Sun Energy	Investor, designer and EPC executor of Solar Power Plants and supplier of the Related Equipment -Construction and Equipment supplying of Solar Plants (off-grid); as well as, Solar Lighting Bases -Development of Combined Heat & Power Plants (CHP) -Contractor of Power Transmission Lines	Iran
50	gift-solar	Selling all kinds of equipment needed for the installation of solar power plants and the commissioning of solar power plants	Iran
51	golnoor		Iran
52	Green Energy Development	Designing, fabrication and installation of floating water turbines for electricity generation	Iran
53	Green Industry Group	Environmental Consultant and Engineering, Environmental Trusted Laboratory, Environmental Management Services Provider, Provider of Control and Prevention of Oil Pollutants.	Iran
54	green management journal	green management monthly publisher	Iran
55	Green messengers group of semirom	An attempt is being made to protect the environment and especially the mountainous environment. Organizing numerous programs to raise public awareness of nature preservation, informing and educating environmental ethics among all ages and creating a culture of preserving natural resources among people.	Iran
56	hamrahavval (mci)		Iran
57	hamta	,....	Iran
58	Haxamanish Motor Aria Co., Ltd.	Design, engineering and manufacturing of electric and hybrid mobility	Iran
59	Ideh Pardazan Ayandeh Sabz Hoor		Iran
60	ilam environment	Enviromental protection	Iran
61	ilam petrochemical company	product	Iran
62	Imen Daba Parsian		Iran
63	imidro	iranian mines & mining industries development & renovation organization	Iran
64	Iran Board Electronic	Electroplating , Chemical and Equipment manufacturing of electroplating line and waste water treatment @ water recycling system and Used in the industrial cycle	Iran
65	iran central iron ore co	production of: scerend iron ore, concentrate iron ore& sinter	Iran
66	IRAN CHEMICAL INDUSTRIES INVESTMENT CO.	Producer of feed stock Detergent Powders and Liquid washes house hold.	Iran
67	Iran Delco Company	Manufacturer of catalytic converters for automotive and motorcycles and exhaust systems	Iran
68	Iran Electrical Industry Syndicate		Iran
69	Iran Renewable Energy Academy		Iran

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country

71	Iran Zinc mines Development Companie	Mining and mineral industries	Iran
72	Iranian Wind Energy Association		Iran
73	Irefco	-	Iran
74	isfahan zinc smelting	Zinc ingot production	Iran
75	Jahan Gostar Radan Shargh Co.	Structure Production Posts Ramming Screw Installation PV Module Mounting Fencing Building CCTVs Geotechnical Test	Iran
76	kalleh dairy co	dairy product	Iran
77	Kaveh Glass Industry Group (Kaveh Soda)	Kaveh Soda Co., located in northwest of Iran, is close to salt lake of Uromieh. The most important points for determining the location were its salt, lime and other required ingredient. The Solvay process is used to produce Soda Ash, which nowadays is extensively used in the most companies all over the world. In this method, salt and limestone are used as the main raw materials and common for producing Soda Ash.	Iran
78	kaveh industrial city & special economic zon		Iran
79	Kerman Namad Niroom	Electrical Contractor: Renewable Energies,Solar Power Plants, Distributed Generation (DGs),	Iran
80	Kheradkia Dana	Kherad Kia Dana is motive experienced company having well organized distributor network in most Iranian capital cities for sales and back-up services. We pride to immediately provide you latest information about instruments, laboratory equipment, sensors, calibration services, analytical procedures and know how to measure the Chemical & Physical parameters. 14 years experience on importing and exporting scientific equipment to and from Iran helps us to provide customers demands as fast as po	Iran
81	khozestan steel co	Field of Activities: stell melting and bloom,slab&bilet continuous casting	Iran
82	Kominzad Yadak	Optimizing power consumption. Training , consulting , Designing and running the project in the field of power solution Diesel and Gas Gensets Renewable energy and associated products	Iran
83	kyan palayesh radman		Iran
84	mahan fan pouya	Design and manufacture of industrial filtration systems and air conditioning	Iran
85	man nik tarahan soroosh	solar product and solar project	Iran
86	mapna generator enginniring @ manufacturing pars		Iran
87	Mehr Kanaz sanat	Sales, marketing, technical engineering, calibration and installation of instrumentation and measuring equipment	Iran
88	mehrabad renewable energy co	----	Iran
89	Melli agro chemical	Hazardous and non-hazardous waste management	Iran
90	MIDHCO Holding Co.	Mines & Mineral Industries, Engineering services and commerce	Iran
91	Mobinab Tajhiz Rad	Environment Water and Wastewater Oil, gas and petrochemicals Power and energy	Iran
92	mojtama fanavari pasmand zist	industrial waste management	Iran

# The 17th Iran International Environment, Renewable Energy, Lighting & Energy Saving Exhibition

No	Company Name	Field of Activity	Country
93	Mokarrar Composite Co.	Production of GCL sheets (Isobent) for sealing water canals, Water storage lagoons and artificial lakes, Bottom liner and final cover of landfills: • Hazardous waste landfills • Municipal waste landfills • Inert waste landfills	Iran
94	Name of NGO is desired by Payeshgaran Mohit Zist Association (PAMA)	-	Iran
95	nanofanavarankhavar	filter	Iran
96	National Iranian copper industries co.	Mining	Iran
97	National Iranian gas co	Processing Transferring and Distribution of Natural Gas	Iran
98	Niroo Parse	development of small scale renewable power plants	Iran
99	Nirouchlor Co.	Chlor- Alkali & Derivatives	Iran
100	NNQ	EPC	Iran
101	noursun energy aira	Energy audit Feasibility studies Design and construction of renewable power plants, especially solar and wind power plants The production of a variety of LEDs and new generation LED bulbs	Iran
102	Ofoh Iranian Environmental Disaster and Sustainable Development NGO	To promote the general level of community culture in relation to environmental hazards in order to achieve sustainable development of life on Earth Increasing people's awareness of environmental hazards and sustainable development institutionalizing the culture of environmental protection collaboration with academic, research, and research institutions in evaluating and reviewing and implementing plans and programs related to education and research on environmental hazards. publishing book	Iran
103	Opal Parisian Sangan Iron Mine	Production of pellets and concentrates of iron ore	Iran
104	Opto Power Electronics	Off Grid Inverters, Power Supply, AC/AC Converter, Pulser	Iran
105	panizfam	production of white sugar&loaf sugar	Iran
106	Pars baspar Tajhiz	Design & construction and installation of IDEA wastewater treatment	Iran
107	Parsgoon.Co	Water, Waste and Wastewater	Iran
108	part pishro gaman	Hazardous and industrial waste management, including recycling, dismantling and transportation	Iran
109	Parto Energy	EPCF: *Engineering * Procurement * Construction in Solar Power Plant. *Provider of Financing Solutions.	Iran
110	Parto System	Wind Resource Assessment & Micro-Siting	Iran
111	pasargadoilco.	-	Iran
112	Paya Nashnriroo	Power plants equipment	Iran
113	Paya Pardaz Mohit Co.	Consultant and Environmental Engineering, Trusted Laboratory of Dept. Of Environment in the field of Air, Noise, waters and wastewater, heavy metals, petroleum compounds, pesticides and Grade Three lab of health ministry in providing Occupational Health and Safety Services. Collaborative Lab of Agricultural Ministry	Iran
114	Perse International Forwarding Co.	Road Freight, Sea Freight, Air Freight, Projects, Logistics, and Customs Clearance <a href="https://www.linkedin.com/company/perse-international-forwarding-co--ltd/">https://www.linkedin.com/company/perse-international-forwarding-co--ltd/</a>	Iran

116	Petro Kavan Sakht Pouya Co .		Iran
117	pichab shargh co.	...	Iran
118	Pima Omran Niroom	consulting,planning,implementation and monitoring of the data center and it infrastructures	Iran
119	Piroozan Energy Development Co	This company working on EPC project for renewable energy and power industries. In this field PEDco getting 3 PPA for solar power plant (as owner) and also getting exclusive agent (in IRAN) of AIDUO company as a manufacturer of solar panels	Iran
120	Pouya Gene Azma co. (PGA)	Biofilter for water and industrial wastewater treatment	Iran
121	Qeshmvoltage	Industrial Automation, Instrumen, Drive, Robotics, Mechatronics and New Energy	Iran
122	RAHINO FARA NEGAH	Measuring and instrumentation systems	Iran
123	Rahpooyane Saleh	Industrial and hazardous waste management center	Iran
124	Rangin Pooshesh	Manufacturing of Electroplating Wastewater Systems	Iran
125	sababattery	Manufacture lithium batteries, solar panel, windy turbines, ...	Iran
126	sabaniroo	production installation erection and after-sales services of wind turbines	Iran
127	Sabz Energy	Solar	Iran
128	sabzgamanbeski	.	Iran
129	Sahel Ettehad	Floating Pontoon for Solar Modules	Iran
130	Saipa Heavy Dies Manufacturing Corporation	Designing , manufacturing all types of Dies.& panel gauge , checking fixtures & jigs. Manufacturing all sorts of cast iron single step & progressive dies & Fabrication of CNC milling machine. Also designing and producing a wide range of special tools.Manufacturing of wind turbine 660kw gearbox	Iran
131	satba		Iran
132	SDRA Co	SDRA Co. has started its activities in the field of modeling, simulation and manufacturing mechanical and electronic systems, automation and instrumentation since 2011. Today, data acquisition from environmental monitoring stations besides providing online monitoring and reporting services is one of our activities. All products are designed and produced by SDRA Co. team and customization possibilities are provided according to customers' demands.	Iran
133	Semnan University Science & Technology Park	-	Iran
134	Sepanta Energy	Renewable project development up to PPA signing, Feasibility Study, Financing, Engineering, Procurement and Construction of wind and solar farms, Operation and Managment	Iran
135	seper alborz cable		Iran
136	SerajEnergy	Renewable Energy Consultancy, providing engineering and technical advisory services	Iran
137	shahin rouy sepahan	Zinc oxide production	Iran
138	shamim sharif		Iran

139	Sharan Sanat	Water & Wastewater Contractor	Iran
140	Sharif Tarasheh	Scada - Tele Metry - Data Mining - Data Logging	Iran
141	Sheedsun Rad Company	SheedSun's main services include: consultation, design, equipment procurement, implementation and maintenance of solar systems in various scales.	Iran
142	SHIVASP	Producer and supplier of different types of LED, SMD , and COB lights as well as fixed and portable solar lighting systems and solar power farms.	Iran
143	Sina Health Development High Tech. Co.	EMF Shielding Product	Iran
144	Sirjan Green Energy Generation		Iran
145	Solar Gostar Alborz		Iran
146	solar sanat firouzeh	New energy designer and implementer - produce solar panels - Design and construction of a standard structure	Iran
147	Taakht Group		Iran
148	taban energy development co.	Renewable Energy EPCF & Solar Energy	Iran
149	tamin tajhizat goshayeshgaran fan sanat	1- Maintenance and control of urban and industrial air pollution monitoring stations 2. Supply and sale and support of industrial pollution measuring devices (chimney) and environmental (municipal) 3-sales and merchant	Iran
150	tehran cement co		Iran
151	tehran sewage co.		Iran
152	tehranoilrefinery	oil refining	Iran
153	TÜV NORD Iran	Certification Service Industrial Service Inspection Service	Iran
154	University of Tehran	Biotechnology-Commercialization of algae industry	Iran
155	urmia sugar co.	product white sugar	Iran
156	Yazd Polymer	Pipe & Fittings	Iran
157	Zagros Petrochemical Co.	Manufacturer 3.3 Million Tons of Methanol With Grade AA Annually	Iran
158	Zist Azma Group (CELCO,EMACO)	Zist Azma Group Zist Azma Group consists of two separate companies, Omran Zist Azma (Celco) Co.ltd and Payesh Zist Azma (Emaco) Co. Celco's Environmental Protection Agency of Iran certified laboratories are equipped with the most advanced equipment for measuring environmental pollutants Emaco has a wide range of international connections and is the sole representative of many well-known international companies providing the highest quality Environmental Pollutant reduction and monitoring sy	Iran

161	CW Enerji Member of Telefunken Semiconductors	CW Enerji Member of Telefunken Semiconductors is a limited liability company operating since 2010 in the field of Solar Energy and photovoltaic power generation with manufacturing capacity of 1000 Megawatts. The company is a member of Telefunken Semiconductors group with its headquarter located in the industrial zone of Antalya city in Turkey and other operating business units in Europe and Far East. CW Energy has the following object of activity: construction of solar power plants and on-gri	Turkey
162	IBC SOLAR Turkey	IBC SOLAR is one of the world's leading PV specialist, supplying the world market with systems in every size through its subsidiaries in Europe, Africa, Asia and Middle East. To Date, over 250,000 PV installation with more than 3.4 GW have been installed.	Turkey
163	Nordex Group	The Nordex Group has installed more than 21 GW of wind energy capacity in over 25 markets. The product portfolio of the German/Spanish wind turbine manufacturer focuses on onshore turbines in the 1.5 to 4.5 MW classes, which are tailor-made for the market requirements in developed and emerging markets and for nearly all geographical regions.	Turkey
